ASSASSIN COLLAPSED.

Czolgosz Breaks Down When Auburn Prison Was Reached.

CRYED AND YELLED.

The Prison Physician Says He Was Suffering from Fright and Terror, but Thought He Was Shamming Some.

Auburn, Sept. 27.—Czolgosz, President McKinley's murderer, in custody of Sheriff Caldwell of Erie county and 21 deputies arrived in Auburn at 8:15 o'clock this morning. The prison is only about 50 yards from the depot and awaiting the arrival of the train there was a crowd of about 200 people.

Either for fear of the crowd, which was not very demonstrative, or from the sight of the prison, Czolgosz's legs gave out and two deputy sheriffs were compelled to practically carry the man into the prison. Inside the gate his condition became worse and he was dragged up the stairs and into the main hall. He was placed in a sitting position on a bench while the handcuffs were being removed, but he fell over and moaned and groaned, evincing the most abject terror.

As soon as the handcuffs were unlocked the man was dragged into the principal keeper's office. As in the case of all prisoners the officers immediately proceeded to strip him and put on a new suit of clothes. During this operation Czolgosz cried and yelled, making the prison corridor echo with evidence of his terror. The prison physician, Dr. John Gerin examined the man and ordered his removal to a cell in the condemned row, which he will occupy until taken to the electric chair. The doctor declared the man suffering from fright and terror, but said that he was shamming to some extent.

The collapse of the murderer was a surprise to every one. En route from Buffalo he showed no indications of breaking down. He ate heartily of sandwiches and smoked cigars when not eating. He talked some and expressed regret for his crime. He said: "I am especially sorry for Mrs. McKinley." He reiterated his former statement that he had no accomplices and he positively declared he never heard of the man under arrest at St. Louis who claimed to have tied the handkerchief over his hand, concealing the pistol with which the president was shot. He says the handkerchief was not tied. He says he went behind the Temple of Music, arranged the handkerchief so as to hide the weapon, and then took his place in the crowd.

To Jailer Mitchell he gave this message to his father: "Tell him I'm sorry I left such a bad name for him."

Czolgosz spoke of his crime for the first time just before being sentenced.

Before sentence was passed by Judge White the assassin evinced a desire to speak but he could not get his voice above a whisper and his words were repeated to the court by his counsel.

After the prisoner gave his record to the clerk he said:

"There was no one else but me," the prisoner said in a whisper. "No one else told me to do it and no one paid me to do it. I was not told anything about the crime and I never thought anything about that until a couple of days before I committed the crime."

Czolgosz then sat down. He was quite calm, but it was evident that his mind was flooded with thoughts of his own distress. His eyes were dilated making them appear very bright. His cheeks were a trifle pale and his outstretched hand trembled. The guards then put the handcuffs on his wrists. He looked at one of the officers. There was an expression of the profoundest fear and helplessness in his eyes. He glanced at the people who crowded the room in efforts to get a look at him. The prisoner's eyelids rose and fell tremulously and then he fixed his gaze on the floor in front of him. He was then hurried down stairs and through the "tunnel of sobs" to the jail to be removed to Auburn.

Sheriff Caldwell and 16 men left late last night with Czolgosz in a special car for Auburn.

Thomas Slaughter Dead.

New York, Sept. 27.—Thomas J. Slaughter, 77 years of age, a retired merchant millionaire, and one of the most extensive growers of roses in the country, is dead of heart disease at his home, Dellwood, near Madison, N. J. He was born in Green River county, Kentucky. He moved to St. Louis in 1851 and became a traveling salesman, for a grocery house. Ten years later he purchased the business. In 1863 he moved to New York and started the firm of Norton & Slaughter and the firm remained in business for 25 years. Mr. Slaughter purchased Dellwood from the

late Jay Gould in 1877.

Three Persons Drowned.

St. Johns, N. F., Sept. 27.—Three persons, Norman Moore, Thomas Murray and a girl, were drowned off Black Head in Conception bay. They had a boatload of fish for market and when they were within a short distance of their destination a heavy gale sprung up and the boat was swamped and all perished within sight of hundreds on shore.

THE SCHLEY TRIAL.

Lemly Says Department's Evidence May End Next Week.

Washington, Sept. 27.—As usual Admiral Dewey lost no time this morning in bringing the Schley court of inquiry to order and as usual counsel on both sides of the case were in their seats and prepared to proceed promptly with business. Captain Lemly and Mr. Hanna, navy department representatives had been in the courtroom for an hour or more preparing details of the work. They consider the present stage of the proceedings an important one requiring the most careful attention. Captain Lemly estimates he will be able to conclude the presentation of the government side of the case by the close of next week if no unforeseen contingency arises to cause delay. He says he will have about 15 or 20 more witnesses to introduce.

Washington, Sept. 27.—The Schley court of inquiry was in session one hour and three quarters yesterday, adjourning at 12:45 in order to permit its members and others engaged there to attend the funeral of Judge Wilson, late chief council for Admiral Schley.

Captain Wise concluded his testimony. Admiral Cotton made a brief statement on recall and Lieutenant S. S. Wood, who commanded the dispatch boat Dupont during the Spanish war, began his testimony. Machinist Gray, who was in charge of the starboard engines of the Texas on the day of the battle of Santiago also testified briefly. He said that on the day of battle the starboard engines were stopped and the machinery reversed.

LETTER FROM MISS STONE.

Says Her Captors Treat Her Well and Name Ransom Demanded.

Constantinople, Sept. 27.—Rev. Mr. Haskell, missionary at Samakow, Bulgaria, has received a letter from Miss Helen H. Stone, the American missionary carried off by the brigands on Sept. 5 in the district of Djumaballa. It does not reveal the whereabouts of Miss Stone, but says she is in good health and has been well treated by the brigands, especially in the earlier stages of her abduction. Latterly in consequence of the vigorous pursuit by the Turkish troops she had been subjected to privations. Miss Stone adds that the brigands demand a ransom of 25,000 Turkish pounds.

The opinion is expressed in Constantinople that the Bulgaria-Macedonian committee was actively concerned in the abduction of the missionary.

Felt From a Train.

New York, Sept. 27.—The body of a woman killed at Crugers, 35 miles north of this city, by falling off a fast train on the New York Central, has been identified as that of Mrs. Howard Brockway, the wife of the well known musician and composer. She was returning from the Brockway summer home at Bridgewater, N. Y. She had been ill for some time and was subject to melancholia. She succeeded in eluding the vigilance of friends who were on a sleeper with her. The exact manner of her death is not known.

Race War Threatened.

Jackson, Tenn., Sept. 27.—A reign of terror exists in portions of the neighboring counties of Henderson and Decatur, occasioned by the distribution of circulars by whitecappers warning all negroes that they must leave that section of the country not later than Oct. 1, or suffer the consequences, and as a result a great many are making hasty arrangements to leave that part of Tennessee.

At Parsons, in Decatur county, a band of 100 white men visited the home of a number of negroes in that neighborhood and advised them to leave at once.

Pan-American Congress Delegates.

Washington, Sept. 27.—All but two of the American republics have appointed representatives to the Pan-American congress to be held on Oct. 21 in the City of Mexico. These two countries are Honduras and the Dominican Republic. Their representatives will be appointed before congress meets. The United States delegates are: Henry G. Davis of West Virginia, William I. Buchanan of Iowa, Volney W. Foster of Illinois, John Barrett of Oregon and Charles M. Pepper of the District of Columbia.

Governor Sayers shows where he stands, and he stands on good ground regarding the matter of a general investigation of the different departments of the state government. "No honest official," says the governor, "can or will object to the most thorough and critical examination at any time into the affairs of his administration, provided such examination be conducted in an open manner and a hearing be accorded him when assailed and all the facts elicited, as well those in favor as those against him be reported, so that an intelligent and impartial public may be able to reach a just conclusion as to his guilt or innocence." FOUGHT WITH BOERS.

He Was a Stowaway, but Was Released Finally from Ellis Island.
Boston, Sept. 27.—John O'Connor, who fought in South Africa for the Boer cause and after capture escaped from a British military camp and came here as a stowaway, has been allowed to land by the immigration authorities who held him a prisoner on Ellis Island for 10 days. He was born in Philadelphia in 1869. Some years ago he went to South Africa as a gold miner and became a naturalized citizen of the Transvaal republic.

After his escape he made his way to England and at Southampton stowed himself on the steamer Haverford. He was discovered on the way over and turned over to the immigration authorities who released him at the instance of the Irish Emigrant society.

"I went from Chicago to South Africa," said he in an interview, "and liking the people I became a naturalized citizen of the Transvaal. The Boers are Christians and always treat the traveler kindly."

"While being transported to Cape Town I saw at Elandsfontein the Boer women and children under British soldiers transported in open cars in a rain-storm.

"Before the war I was discharged from two gold mines owned by pro-Britishers because I refused to sign petitions to Queen Victoria."

Arrested in Male Attire.

Springfield, Ills., Sept. 27.—A woman wearing male attire was arrested by the police here. She gave her name as Harry Hight, but refused to divulge anything further concerning herself. She persistently declared she was a man and seriously resented being called "Miss" by the officers who interrogated her. She came from Litchfield and carried a small morocco leather grip containing female wearing apparel. The articles were of silk and of the most costly kind. The woman made no effort to explain the presence of the articles, tooth brush, hair curler and other things, to the officers. The police are working on clews gleaned from letters and things found upon her person.

Secret Society Sued.

Arkansas City, Kas., Sept. 27.—John A. Fleener of this city has filed suit in the district court of Cowley county against the Ancient Order of Pyramids asking damages in the sum of \$15,000. He states in his petition that about a year ago he was being initiated into the order, and was placed upon some sort of an instrument in a careless and reckless manner, and was carried around the hall. It was during this performance that he fell from the instrument and crushed his ankle. This rendered him a cripple for life. The bill gives an itemized account of doctors' fees, etc.

Shooting in Virginia.

Middlesboro, Ky., Sept. 27.—At Ewing, Va., a station near here on the Louisville and Nashville railroad, Ed Williams killed Ed Wheeler, shooting him three times. The men were intoxicated. Williams, who was sobered by the tragedy, surrendered to the authorities and was placed in jail at Jonesville. He claims self-defense. Thomas Williams, a brother of Ed Williams, engaged in a controversy regarding the tragic with Will Smith. Smith knocked him down and then shot him. He is thought to be fatally wounded. Smith escaped.

Degraded and Dismissed.

Marion, Ind., Sept. 27.—Jerry Kuder, Peter Lock and James Spears, the three veterans of the Soldiers' Home here, who have been in the guard house of that institution since the night of the shooting of President McKinley for having expressed pleasure over the work of Czolgosz and hoped the president would die, have been sentenced by the board of managers of the home to be publicly degraded and dishonorably discharged from that institution.

Killed Herself and Grandson.

New York, Sept. 27.—Mrs. Louise Nostz, 60 years old, of Astoria, L. I., killed herself and her grandson, William Colletti, 6 years old, some time during Wednesday night. Their bodies have just been found. She had stuffed the keyholes and other apertures in the room with papers and turned on the gas. Four years ago her husband committed suicide and this affected her mind.

Favor American Church.

San Francisco, Sept. 27.—A question to be considered by the Episcopal general convention, which meets here next week, will relate to the position of the church in Hawaii. A statement written for The Chronicle by a churchman from Honolulu says the people of Hawaii are strongly in favor of their church being placed under the jurisdiction of an American bishop and of an American church being established there.

Lutheran's Will Divide.

New York, Sept. 27.—The English Evangelical Lutheran ministerium semi-annual conference, which has just come to a close in Christ church, Brooklyn, has taken decisive steps to form an English synod of the churches to secede from the present synod. The action taken by the conference will effect 35 churches in this and neighboring states.

TRUCK GROWING INDUSTRY IN BRAZOS COUNTY

The Indications are that the Farmers are Determined to Adopt Diversification--Report of Last Saturday's Meeting, Followed by Some Notes and Information on the Subject--What They are Doing in East Texas.

The Eagle notes with pleasure that the farmers of Brazos County are taking a lively interest in diversification. The organization of a Truck Growers' Association here last Saturday and other steps taken in the meeting, published below, are gratifying evidences that they mean business. The Eagle will print all their doings, and will from time to time print articles giving information on all matters pertaining to the subject, and do what we can to help the movement along.

TRUCK GROWERS ORGANIZED

PERMANENT OFFICERS ELECTED, COMMUNITY MEETINGS PROVIDED FOR, AND THE ASSOCIATION WILL DO BUSINESS.

The Brazos County Truck Growers' Association met according to appointment, at the court house, Saturday afternoon, Sept. 21, at 2 o'clock. Mark Wilcox was called to the chair in the absence of S. M. Derden, the temporary chairman, and W. P. Connelly was appointed temporary secretary.

J. B. Mike being present, he was called upon to address the meeting. Mr. Mike made an enthusiastic talk in favor of truck growing for market, and related many incidents showing the profits to be made. He had the secretary read some literature which he had gathered on the subject, for the encouragement of our producers. Mr. Mike made a tender of his services to the association in procuring purchasers for anything they might produce and also offered to advance the money to buy seed for planting for any members if there be such, who are unable to procure seed, and collect when the crop is disposed of.

On motion, the association went into the election of permanent officers, electing J. A. D. Robinson president of the association and W. P. Connelly secretary. S. M. Derden, Mark Wilcox, J. B. Mike and McDuff Simpson were elected vice-presidents.

There were about 20 members of the association present, some of them from other communities some distance from Bryan. After discussion it was resolved to appoint each member a committee of one to call a meeting of those in his neighborhood who are willing to plant truck for shipment in connection with the association, and get expressions from each as to how many acres each will plant, and report through a delegate to the next meeting of this association, to be held at the court house Saturday afternoon, September 28. Various gentlemen present from other communities reported that some of their neighbors had expressed a desire to join the association, but could not attend the meetings in town. A great deal of encouragement was given the movement by these expressions.

On motion, McDuff Simpson and Jesse Henry were appointed a committee to select a suitable name for the association, and report at once. The committee reported, "The Brazos County Truck Growers' Association," as the name of the organization. Report adopted and committee discharged.

J. B. Mike was requested to poll the farmers present to ascertain how many acres each would plant. The result was 78 acres pledged to go into truck by those present, and some who had pledged acreage at a previous meeting were not present. With those added, the acreage would go over a hundred.

Following are the names of those subscribing, with number of acres to be planted by each: Jas. Leonard, 2; Jos. Leonard, 2; Ben Franklin, 1; John Tauber, 1; Jacob Schranck, 2; J. A. Henry, 5; C. C. Dulaney, 3; Lum Holden, 1; McDuff Simpson, 15; John Ferguson, 4; N. A. Cotnam, 1; J. K. Presnal, 5; S. G. Welsch, 2; G. W. Kon, 2; D. B. Loyd, 3; M. Wil-

cox, 5; A. B. Gandy, 2½; A. W. Dyess, 3; A. D. Locke, 5; E. T. Gallatin, 5; Ben Wilson, 5; W. W. Griffin, 5.

On motion, the association adjourned, to meet at the court house Saturday, September 28, at 2 o'clock p. m.

J. A. D. Robinson, Pres.
W. P. Connelly, Secy.

WHAT CROPS TO PLANT.

McDuff Simpson's Advice, Result of Years of Experience and Observation.

At a meeting of the association September 7, McDuff Simpson reported for committee on statistics what crops will pay best to plant for shipping, and about what acreage in each it will take to fill a car. That report has been printed heretofore in the Eagle, but is reproduced here:

REPORT OF COMMITTEE ON STATISTICS.

We, your committee appointed to instruct as to the number of acres required to be planted or grown in the staple or principal crops of vegetables, to-wit: tomatoes, cabbage, Irish potatoes, onions, beans, sweet potatoes and watermelons, so as to make regular shipments in straight car lots, beg leave to submit as follows:

Tomatoes, 30 acres, shipped in 4 basket crates, 700 to 1000 crates to the car.

Cabbage, 20 acres, about 200 crates to the car, gross weight each about 146 pounds.

Irish potatoes, 3 to 10 acres to fill a car.

Onions, 2 to 4 acres to fill a car.

Beans, about 40 acres packed in 4 basket crates, 700 to 1200 crates to the car.

Sweet potatoes, about the same as Irish potatoes.

Watermelons, 15 acres, 900 to 1500 melons to fill a car, according to size, not less than 24000, pounds to the car.

The above is the minimum calculated for regular or consecutive shipments in straight car lots for consignments. To induce or attract buyers so that we may sell our produce at home in the most profitable manner possible we should plant at least 100 acres to cabbage and all the others in like proportion. Plant it well and give proper cultivation.

We deem it well to here mention two very important points for associated growers to observe in planting for shipment in straight car lots. Each and every one should plant the same varieties of seed, every one plant on the same date, or as near the same as possible, in order that we may all be ready to ship together.

Respectfully,
McDuff Simpson and Others,
Committee.

AN EXPERIENCE MEETING.

Smith and Anderson County Farmers Meet and Talk.

On August 22, the truck growers' associations of Smith and Anderson counties held a joint meeting at Palestine. Here are some of the experiences related by farmers in attendance at this meeting:

Mr. W. J. Adams, of Arp, drew out of his pockets a set of "wagon account books, in which an accurate and systematic account had been kept of each year's crop while carting the stuff to and from the station. The first crop of tomatoes, put out on less than an acre, brought him \$264.31, free of all expense. That season he reduced his cotton acreage one-half, or down to 27 acres, from which he made nine bales of cotton. This cotton, sold at the ruling price, brought him, clear of all expense for bagging and ties, \$218.30, leaving \$46.01 in favor of less than an acre of tomatoes against 27 acres

watermelons, some of which he shipped.

Banker Robinson of Palestine, who has just returned from a visit to Colorado Springs, told how three ordinary sized tomatoes brought 25¢ in that city a short time ago. Said he: "I was talking to some people who live there and they stated that if ordinary sweet potatoes such as we have here in Texas, could be had there, they would bring 7¢ per pound, or \$4.20 per bushel."

The Eagle wants to say by way of comment on the above, that the truck growers of Brazos county are not going to do as well as these people quoted above the first year, for lack of experience, and for lack of good markets already built up. But we believe with the hearty assistance of the merchants of Bryan in helping them find markets, and with our highly favorable soils and early crops, they are going to do well from the start, and in a year or so make as much money as they do anywhere. And they will never learn until they begin. Let us begin now.

WITH THE TRUCKERS ELSEWHERE.

Tomatoes Averaged 80 Cents Net Per Crate and Peaches About 70 Cents.

Many Buyers Bid for Them.

To date Mr. Adams has realized from this season's crop for one and seven-eighths acres \$976.69. He also exhibited a statement from a produce dealer at San Antonio covering 10 crates of what he called "top knots," or inferior tomatoes, usually thrown away as worthless, for which he received 61 cents per crate, f. o. b. Arp, or \$6.10 for the lot.

Mr. Adams' land is of a red, gravelly character. The land is similar to that in most portions of the county. He uses two sacks of "Vegetable Glory" fertilizer to the acre, the price of which is \$3 per acre, laid down at his place. He recommended that the ground be plowed early and late, keeping the ground loose and loamy, even in winter.

As to prices, Mr. Adams stated that there has not been a day since the 1st of June that he could not get a handsome price for every crate he could ship. Mr. Adams also stated that he raised a profitable crop of tomatoes last fall and would plant another crop this fall.

It remained for Mr. F. M. Horton of Arp to arouse the greatest amount of enthusiasm. He started to get out of debt by raising 2000 pounds of tobacco, which he sold for 9¢ a pound, realizing \$180. That year he made a good payment on his debt. The next year he got gay and forsook tobacco for his first love, cotton, and, as usual, came out of the little end of the horn so that he couldn't pay even the interest on his indebtedness.

The season has about closed in the fruit business in Texas. The American Refrigerator Transit Company has handled every car load that has left east Texas, and we have been asked by many people what the shipments have amounted to, as it is interesting information.

"Texas has developed a 'gusher' that spouts tomatoes and peaches and can show a clean cash net of a half million dollars to the producers since the 15th of April. If Beaumont can show this much cash for raw material it has not been stated in the papers, and while they are booming stock companies at Beaumont the gay and festive granger is taking in the cold cash for his products at a rate that would make a wall street man's mouth water."

"When it is remembered that this money comes from nearly

every trade center of the United States it will be acknowledged that Texas is certainly doing her share in helping to feed the world.

The impetus given the truck farms and the fruit business in this season's operations will induce planting that will nearly double this season's output for next year.

"The first car of tomatoes we shipped this season went to Philadelphia. Next year we expect to make citizens from Cape Cod to Salt Lake and from New Orleans to Winnipeg eat them.

"Our statement of the business handled is as follows:

"Cars shipped from each station season 1901:

"Arp, 35 cars tomatoes, 2 cars peaches.

"Bullard, 22 cars peaches.

"Barstow, 14 cars cantaloupes.

"Craft, 94 cars tomatoes, 17 cars peaches.

"Chandler, 2 cars peaches.

"Dialville, 59 cars tomatoes.

"Elberta, or Park Switch, 6 cars peaches.

"Flint, 9 cars tomatoes.

"Goodson spur, 7 cars tomatoes.

"Jacksonville, 13 cars tomatoes, 126 cars peaches.

"Lindale, 14 cars strawberries, 32 cars peaches.

"League City, 4 cars cucumbers.

"LaMarque, 7 cars cucumbers.

"Mount Selman, 11 cars tomatoes, 22 cars peaches.

"Palestine, 9 cars tomatoes and cantaloupes.

"Rusk, 26 cars peaches.

"Swan, 6 cars strawberries, 7 cars peaches.

"Sulphur Springs, 3 cars tomatoes and cantaloupes.

"Shreveport, 9 cars tomatoes, 1 car cabbage.

The large Observation Parlor, with spacious windows and movable easy chairs, affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, nor any other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."

strawberries, 21 cars peaches.

"Total shipments from Texas points named below, season 1901: Strawberries 34 cars, cantaloupes 14 cars, cucumbers 11 cars, tomatoes 275 cars, peaches 275 cars, total 607 cars.

"Total number packages shipped by freight: Peaches 345,800, tomatoes 247,500, cantaloupes 7,000, cucumbers 4,000, strawberries 17,136.

"Over half a million crates of fruits in ninety days from fifteen stations! Nearly every car was sold on the track for cash. The tomatoes averaged net 80¢ per crate, and this king of all vegetables put \$220,000 in the pockets of about 500 people engaged in this industry from Rush to Tyler on the Cotton Belt and Houston to Longview on the International & Great Northern.

"The peach orchardist found nearly as good a market as did the tomato man. Peaches averaged about 70¢ per crate, for 245,700 crates, \$18,900, and sold on the track for cash largely.

"Buyers from nearly every market were on the ground. The first car of tomatoes shipped from Texas this year went to Philadelphia for northern markets, from Butte, Mont., to Toronto, Canada and Buffalo, N. Y., got a large share."

MAY GO TO MEXICO.

Boers Negotiating for Land upon Which They Can Settle.

London, Sept. 26.—The Daily Express says the Boers are contemplating a trek to Mexico and that estates there have been offered for a new settlement. Part of the land is the Floreshala estate, a concession from the government of Mexico to certain financiers, one of whom is a member of the house of commons. The purchase price has been set down at \$2,500,000 which will buy 20,000,000 acres, this being the aggregate of two concessions now in the hands of syndicates. The smaller of the two estates comprises 5,000,000 acres. This land has a seaboard of 200 miles and will thus offer shipping facilities which were denied to the Boers in South Africa, and which they so much desired.

Suppression of Anarchy.

Atoka, I. T., Sept. 26.—The Pushmataha Lodge No. 20, Knights of Pythias, has issued an address to the members of the order in particular and to the people generally urging that steps be taken for the suppression of anarchy.

MAGGIO BOUND OVER.

Declared He Is an Anarchist, but Denies Reported Statement.

Albuquerque, N. M., Sept. 26.—Antonio Maggio, alleged anarchist, who is said to have declared several months ago that he knew President McKinley would be killed before Oct. 1, had a preliminary trial before United States Commissioner Newcomb at Silver City Wednesday and was bound over to await the action of the United States grand jury at Las Cruas, which meets on Oct. 7, under \$10,000 bond. He could not furnish bail and was remanded into custody of Deputy United States Marshall Fornoff, who will bring the prisoner here for safe keeping.

Several respectable citizens testified that Maggio stated on the streets and in saloons in Silver City less than three months ago that President McKinley would be killed before Oct. 1, and the person who was to kill him had been selected by the poor class in Italy.

When put on the stand Maggio denied the statements, but admitted that he was an anarchist, not against the United States, but against every crowned head of his own country, Italy, who, he said, were responsible for the hardships experienced by the poor class in Italy.

Feeling of Discontentment.

New York, Sept. 26.—Concerning the South African situation the London correspondent of The Tribune says while there is no fresh reverses in South Africa there is an undertone of public discontentment with the conduct of war and the results of paper diplomacy.

President Kruger has just received reports estimating the rebels in the field at 15,000. Probably this greatly exaggerates the number, but the Boers are still getting many recruits in Cape Colony.

Sir Michael Hicks-Beach is now believed to have enough money on hand to carry on the war until the end of January.

CHUN DISAPPOINTED.

He Did Not Receive the Honors in Europe He Expected.

London, Sept. 26.—The Berlin correspondent of The Times says that Prince Chun will officially conclude his mission to Germany next Saturday and will go to Genoa on Sunday. In regard to invitations to other courts it is said to be doubtful if Prince Chun received any, but he has been desirous of visiting many German industrial establishments which desire he cannot now gratify.

The Kreuz Zeitung features that Chun's experiences in Germany have not resulted in the impression it was desired to produce on the mind of the Chinese special envoy. The honors and attentions paid to him may have obliterated from his mind all thought of the gravity of the crime which it was intended that the mission should expiate. Chun has often been cheered by thoughtless crowds in Germany, and may regard himself as the hero of the hour, his future influence in the Chinese court is regarded as too problematical for it to be worth while to make efforts to impress upon him the superiority of European civilization.

Young Roosevelt in an Accident.

New York, Sept. 26.—While going in a carriage to visit some friends just before leaving this city, young Theodore Roosevelt was in an accident. The carriage had a driver and with the young man was a negro servant. The reins of the horse broke and the driver was unable to control the pair of bays. The horses swerved into the street car tracks on Lexington avenue and an electric car struck one of the horses. It was severely cut, thrown down, then jumped to its feet and began to rear. The occupants of the carriage then escaped injury.

Denied by Mrs. Peary.

Portland, Me., Sept. 26.—Mrs. Peary, the wife of Lieutenant Peary, who has returned to South Portland, has promptly denied the report that Dr. Heidrick was marooned. He positively refused to go back and said he would stay with a party of natives. It was not deemed proper to attempt to compel him to return to the Windward because of his peculiar mental state. It was thought that possibly he might recover if left on shore. But in the opinion of Dr. Cook he was in danger of becoming violently insane if taken back.

Guarded From a Mob.

Louisville, Sept. 26.—The jail at Shively is being heavily guarded to prevent the lynching of Anna Field, a negro woman and jumbo Field and Clarence Garnett, negro boys. William Hart, a printer, was found dying in a path leading to Field woman's house Saturday night. The two boys have confessed to the murder and all three have been indicted. Monday night 40 masked men made an attack on the jail and succeeded in breaking the door and getting into the corridors, but they could not get into the prisoner's cage. The jailer summoned a posse and managed to save the prisoner.

Manila, Sept. 26.—General Torres,

who surrendered some months ago, has been arrested and will be tried for having ordered the murder of Corporal Fieldner of the One Hundred and Twentieth infantry at Malolos, province of Bulacan, last October. It is also probable that General Alejandrino will be arrested. Acting under his orders many of his officers killed Filipinos who sympathized with the Americans.

Colonel Atienza, with his entire staff, has surrendered to Captain Pitcher, who had been in close pursuit of him since Lieutenant Hazzard captured Deserter Howard in his camp. Captain Pitcher also has been capturing small bands of insurgents and securing the surrender of others.

Martinez, Ana and Villaluz, the last

insurgent officers in the province of South Camarines, have surrendered to Captain Williams, putting an end to the insurrection in that province.

Corbin Pleased With Situation.

Washington, Sept. 26.—Major General Corbin, the adjutant general of the army, reached here Wednesday from the Philippines. He talked freely of the condition of affairs in the Philippines, particularly of the work accomplished by Generals Sternberg, Weston and Greely. General Corbin is greatly pleased with the conditions in the archipelago and was particularly gratified to find the health of the army so excellent, and to see himself the evidence of the good done by the officers and soldiers. He says large economies have been effected in nearly every branch of military service in the Philippines.

King Edward Returns Home.

London, Sept. 26.—King Edward and Queen Alexandra returned to England Wednesday from the continent. They were loudly cheered on their way to Marlborough House from the railway station.

DISTRICT COURT WORK.

The Present Term Conspicuous for the Number of Convictions.

The present term of the district court, Judge S. C. Scott on the bench and Attorney V. B. Hudson representing the state, has been somewhat conspicuous not so much from the extent of the docket as from the number of convictions secured. The court which is still in session, has disposed of the following criminal cases up to date:

State vs. Arthur Carter, murder; found guilty of murder in the second degree, and punishment assessed at 10 years in the penitentiary.

State vs. Tom Homer, theft of horse; guilty; 4 years.

State vs. Anderson Mayes, assault with intent to murder; guilty of aggravated assault and fined \$25 and costs.

State vs. Anna Mitchell, burglary; two years.

State vs. Rosa Schittino, murder; guilty of manslaughter; 4 years.

State vs. Jim Johnson, assault with intent to murder; guilty of aggravated assault; fined \$25 and costs.

State vs. John Willbarger, assault with intent to murder; guilty of aggravated assault to murder; fined \$25 and costs.

State vs. George Wells, guilty of aggravated assault; fined \$50 and costs.

State vs. Frank Congilosa, assault with intent to murder; guilty of aggravated assault; fined \$250 and costs.

State vs. Will Johnson, murder; guilty. 5 years.

State vs. John Congilosa, guilty of aggravated assault; fined \$25 and costs.

Joe Cartinez, theft; verdict of not guilty by request of the district attorney.

This disposes of all the cases on the criminal docket except three murder cases set for trial next week, and new business from the re-panneled grand jury, making a most creditable showing.

Truck Growers Meeting Today.

The Brazos County Truck Growers meet again today at 2 p.m. at the court house to hear reports from meetings held in country districts this week, and to perfect organization. Prof. R. H. APPROPRIATION BILL.

Passed by Both Houses, but a Difference Exists.

GONE TO CONFERENCE

Investigation Resolution Passed by the Senate Goes Through the House but the Limit Is Placed at Only Sixty Days.

Austin, Sept. 27.—The house this morning under the previous question rushed through by a vote of 47 to 34 the senate resolution calling for the appointment of a committee to investigate the state departments during recess, with amendments reducing the number from 9 to 5 and providing that after 60 days the members shall serve for \$2 per day. This kills the effect of the resolution, as a thorough investigation could not be made in 60 days.

The house adjourned until Monday at 10 o'clock a.m.

Most of the members will leave on a special train tonight to attend opening of the Dallas Fair.

The senate concurred in the house amendment to the investigation resolution by a vote of 23 to 3. It now goes to the governor for his approval. He will approve it, as it meets his views.

The governor will not attend the opening of the Texas State Fair as his presence is needed here on account of the general appropriation bill being in free conference committee.

The governor has appointed Richard B. Levy, of Gregg county, judge of the Fourth district to succeed W. J. Graham, deceased.

Austin, Sept. 27.—The general appropriation bill has at last gone to free conference. It is thought that the committee will finish its work Saturday night, and that the legislature will adjourn sine die on Monday or Tuesday.

The house bill is about \$300,000 in excess of the senate bill. The probabilities are that the conferees will split the difference and report a bill carrying about \$5,800,000. Then the governor, if he adheres to his determination to trim the bill to \$5,500,000, can do so by striking out special appropriations for erecting new buildings at state institutions, etc.

The senate concurrent resolution which passed providing for an investigation of all state departments and institutions traveled a rocky road in the house yesterday. It has reached third reading and there it may remain. By a majority of only three votes the resolution was passed to a third reading. It went over under the rules until today, when an effort will be made to finally pass it. In the absence of three members who voted for it or the change of two votes may defeat it. The absence of a quorum today would likely seal its fate. If it should finally pass, the governor has 20 days to veto it, and if he does veto it, the legislature having adjourned, will have no further opportunity at it.

Corporations in Trouble.

Austin, Sept. 27.—Three hundred corporations in Texas are in trouble for failing to answer questions from the attorney general's office. County attorneys over the state have been instructed by the attorney general to proceed against the delinquents. The penalty is from \$50 to \$1000 and imprisonment in the penitentiary from one to ten years.

After His Clerks.

Austin, Sept. 27.—Land Commissioner Roger is after his clerks. He has addressed letters to each one of his clerks asking if they use the office postage for private business and if they had any land interests except that of the office. He will discharge all who are not giving full attention to business and if found guilty of any of the above offenses.

Pan-American Congress Delegate.

New York, Sept. 27.—Senors Alberto Blest Gana and August Matte, who will represent Chile at the Pan-American congress to be held at the City of Mexico in October, arrived here on the Kron Pring Wilhelm from Cherbourg. Both men have held many high offices in the diplomatic service of their country. Senor Gana was for many years Chilean minister to France. Senor Matte was also Chilean minister to various countries.

Given Twenty-five Years.

Dallas, Sept. 27.—Confinement in the penitentiary for a period of 25 years was the verdict of the jury in the case of John Amundson, charged by indictment with attempted criminal assault. The trial consumed only one day.

The crime of which the defendant was convicted was alleged to have taken place in the eastern part of the city on June 4 of the present year. The victim was a girl 9 years of age.

Boy Sentenced for Life.

Booneville, Ind., Sept. 27.—Smith Jones, 13 years old, has been sentenced to prison for life by a jury in the Warren circuit court. Last July during a fight with Herbert Hickerson, of similar age, the latter was stabbed to death.

Lincoln's Secretary Dead.

Washington, Sept. 27.—John C. Nicolay, private secretary to President Lincoln and widely known as the author of several works on the life of Lincoln, died here.

DEPUTY POE KILLED.

Loses His Life While Attempting to Arrest a Man.

Denison, Tex., Sept. 27.—Deputy United States Marshal John Poe of Mill Creek, I. T., was killed on the north-bound Frisco excursion train Wednesday evening a short distance south of Ravis. Poe with Posseman Neely was attempting the arrest of a party when the fight occurred. The following injured men are under arrest at Mill Creek: B. W. Taylor of Holdenville, I. T., skull fractured above left eye and several cuts on the head; Ben Taylor of Holdenville, several bad cuts and slight fracture above left eye; George Yargee, an Indian of Wetumka, skull fractured; Dave Branion of Holdenville, cut and a fracture over the eye.

Reports concerning the affair are conflicting.

PAYS BACK DUTIES.

A Conscious Stricken Person Returns Money to the Government.

Washington, Sept. 27.—Secretary Gage Thursday received in an envelope postmarked New York, Sept. 25, 1901, \$6150 in bills of denominations ranging from \$50 to \$500. This sum of money was accompanied only by the following statement:

"After much thought, I have been convinced that duties were not fully paid as desired, the difference estimated at about 2 per cent, the wish now is to rectify what was done doing some years ago and the amount is being sent which it is felt must be paid to the United States treasury to discharge those duties and do the right. Above has been great grief."

No name was signed to this communication.

Aeronaut Drowned.

Lima, O., Sept. 27.—Frank Hague, better known as Zeno, an aeronaut, was drowned in the city waterworks reservoir here. Hague was in a parachute and balloon race with C. M. Hawley at the county fair grounds and was about 1200 feet in the air when they cut loose. Hawley landed in a private yard near the reservoir, while Hague landed in the middle of the big reservoir and was drowned. He became entangled in the ropes of the parachute.

Squatters Block Wood's Purpose.

Guthrie, O. T., Sept. 27.—J. R. Wood, the man who drew claim No. 1 adjoining the city of Lawton, is now attempting to fence his farm on which are located 500 squatters. The squatters refuse to move. To fence the north side, one mile long, Wood must go through an almost solid row of tents, stores and shacks. He will appeal to the United States court to remove the intruders.

Given Time to Escape.

Guthrie, O. T., Sept. 27.—George Bradshaw, the alleged anarchist, who refused to march under the American flag at Oklahoma City and came near being lynched for sustaining Czolgosz' action at Buffalo, was released from the Guthrie jail Wednesday night on an order of the probate judge of Oklahoma county. The release was not made known until late Thursday to give him plenty of time to leave the vicinity.

Boy Stabs Teacher.

Rockdale, Tex., Sept. 27.—A lad about 13 years old, a student in the Rockdale public school, stabbed Prof. F. L. Norton, the superintendent of the Rockdale schools. The wound was inflicted with a pocketknife in the right side. But for the fact that the knife struck a rib, the wound would have been a dangerous one. The lad was arrested on the charge of aggravated assault and bound over in the sum of \$300.

Anarchist Prince Arrested.

Rome, Sept. 27.—The Russian prince Makachidze and his wife have been arrested as anarchists and will be conducted to the frontier. They entered Italy in defiance of the anti-anarchistic regulations. The prince was condemned to death in Russia in 1887 for conspiracy against the czar and was exiled from France in 1886 for making bombs.

Over Half Deaths Children.

London, Sept. 27.—Official returns just issued shows that the South African concentration camps in August contained 13,620 persons. Deaths number 2345, of which number 1878 were children.

Resignation of Hays.

San Francisco, Sept. 27.—Charles M. Hays, president of the Southern Pacific company severs his connection with that corporation next Tuesday. All heads of departments have been notified by Mr. Hays that he leaves the company on that date.

Kitchener Reported Resigned.

London, Sept. 27.—The Daily News publishes an unconfirmed rumor that General Kitchener has resigned the post of commander-in-chief in South Africa, owing to disagreements with Mr. Broderick, the war secretary.

Rabid Wolves.

San Antonio, Sept. 27.—Rabid wolves are reported in Duval and neighboring counties, due to the terrible heat of the summer. They are killing many cattle and the people have to bar their doors at night for protection.

Marriage of General Corbin.

Washington, Sept. 27.—The marriage of Major General H. C. Corbin, adjutant general of the army, and Miss Edythe Patten will take place in this city Nov. 6.

Fatal Oil Tank Explosion.

New York, Sept. 27.—Six men and probably seven were killed and seven injured by the explosion of an oil tank of the Essex and Hudson Gas company at Newark, N. J.

RUMOR OF WAR.

Turkey and England at Odds With Three Nations Backing Former.

Paris, Sept. 27.—The Patrie prints a sensational story to the effect that a conflict has broken out between Great Britain and Turkey, saying that three British war vessels have been ordered to the Persian gulf to suppress revolts at Touet, in the British province at Bagdad, and that the Turkish government has dispatched a strong detachment of troops with instructions to oppose the landing of the British forces. Russia, Germany and France, the paper also says, have agreed to support Turkey.

Touet, in the Patrie's story, is evidently Koweyt, the proposed terminus of the Bagdad railway. It is the only port on the Persian gulf having a good harbor.

Inquiries made in official quarters here elicited an emphatic denial that there was any such agreement between Germany, Russia and France as is referred to by The Patrie and no confirmation was obtainable regarding the alleged alarming situation which is evidently built on the fact that three British warships happened to be at Koweyt and that it is reported that the British are encouraging the local sultan to repudiate Turkish suzerainty.

TEXAS CRUDE OIL.

Mexico Afraid to Take Duty Off on Account of Complications.

City of Mexico, Sept. 27.—It is evident that there will be considerable opposition to the proposed taking off of the duty on Texas crude petroleum desired by the smelters and railways.

A prominent business man points out that there have already been spent here several hundred thousand dollars in boring for oil, and if the duty on Texas oil is removed there would be no protection for the men who have spent so much here in preliminary prospecting work.

There is no doubt but Mexico chiefly needs cheap fuel just now to encourage manufacturing industries. Texas oil would furnish it, but it is alleged the Texas field is already practically in the hands of the Standard Oil company, and their system of doing busi-

ness is such that even if they were paid a bonus for bringing oil into this country instead of having to pay for the privilege of doing so, it is not likely that the people would get their fuel any cheaper.

May Declare War.

Port of Spain, Sept. 27.—Advices received here from Caracas say Venezuela probably will declare war on Colombia Sept. 28.

A financial crisis exists in Venezuela owing to the refusal of the Bank of Venezuela and the Bank of Commerce to comply with President Castro's demand that they subscribe to a forced loan.

Portuguese Must Act.

Lisbon, Sept. 27.—The British ambassador has demanded that the Portuguese government must stop the smuggling of arms for the Boers through Lorenzo Marques on the East African coast. The local papers denounce the demand as officious intermeddling by the British.

Killed by a Convict.

Little Rock, Sept. 27.—Robert H. Taylor, a deputy warden of the state penitentiary, was killed at Danville by Bud Wilson, a negro convict. Wilson struck Taylor with a large piece of iron crushing the skull. He was jailed at Danville on a charge of murder.

Plan to Bond Oklahoma.

Guthrie, O. T., Sept. 27.—The officials of Oklahoma are planning to bond the territory for \$600,000 to redeem all the outstanding 6 per cent warranted indebtedness. They say they can place the bonds at three per cent and thus save Oklahoma a big sum.

Mrs. McKinley's Condition.

Canton, O., Sept. 27.—Dr. Dixey says Mrs. McKinley is doing just as well as any woman could under similar circumstances. He said her strength is not all that could be desired, but she was doing as well as could be expected.

Tax on Hay Legal.

Washington, Sept. 27.—The attorney general has rendered an opinion to the interior department sustaining the authority of the Cherokee Indian Nation to levy a tax of 20 cents per ton on prairie hay shipped out of the Nation.

ASSASSIN COLLAPSED.

Czolgosz Breaks Down When Auburn Prison Was Reached.

CRYED AND YELLED.

The Prison Physician Says He Was Suffering from Fright and Terror, but Thought He Was Shamming Some.

Auburn, Sept. 27.—Czolgosz, President McKinley's murderer, in custody of Sheriff Caldwell of Erie county and 21 deputies arrived in Auburn at 8:15 o'clock this morning. The prison is only about 50 yards from the depot and awaiting the arrival of the train there was a crowd of about 200 people.

Either for fear of the crowd, which was not very demonstrative, or from the sight of the prison, Czolgosz's legs gave out and two deputy sheriffs were compelled to practically carry the man into the prison. Inside the gate his condition became worse and he was dragged up the stairs and into the main hall. He was placed in a sitting position on a bench while the handcuffs were being removed, but he fell over and moaned and groaned, evincing the most abject terror.

As soon as the handcuffs were unlocked the man was dragged into the principal keeper's office. As in the case of all prisoners the officers immediately proceeded to strip him and put on a new suit of clothes. During this operation Czolgosz cried and yelled, making the prison corridor echo with evidence of his terror. The prison physician, Dr. John Gerin examined the man and ordered his removal to a cell in the condemned row, which he will occupy until taken to the electric chair. The doctor declared the man suffering from fright and terror, but said that he was shamming to some extent.

The collapse of the murderer was a surprise to every one. En route from Buffalo he showed no indications of breaking down. He ate heartily of sandwiches and smoked cigars when not eating. He talked some and expressed regret for his crime. He said: "I am especially sorry for Mrs. McKinley." He reiterated his former statement that he had no accomplices and he positively declared he never heard of the man under arrest at St. Louis who claimed to have tied the handkerchief over his hand, concealing the pistol with which the president was shot. He says the handkerchief was not tied. He says he went behind the Temple of Music, arranged the handkerchief so as to hide the weapon, and then took his place in the crowd.

To Jailer Mitchell he gave this message to his father: "Tell him I'm sorry I left such bad name for him."

Colgoss spoke of his crime for the first time just before being sentenced.

Before sentence was passed by Judge White the assassin evinced a desire to speak but he could not get his voice above a whisper and his words were repeated to the court by his counsel.

After the prisoner gave his record to the clerk he said:

"There was no one else but me," the prisoner said in a whisper. "No one else told me to do it and no one paid me to do it. I was not told anything about the crime and I never thought anything about that until a couple of days before I committed the crime."

Czolgosz then sat down. He was quite calm, but it was evident that his mind was flooded with thoughts of his own distress. His eyes were dilated making them appear very bright. His cheeks were a trifle pale and his outstretched hand trembled. The guards then put the handcuffs on his wrists. He looked at one of the officers. There was an expression of the profoundest fear and helplessness in his eyes. He glanced at the people who crowded the room in efforts to get a look at him. The prisoner's eyelids rose and fell tremulously and then he fixed his gaze on the floor in front of him. He was then hurried down stairs and through the "tunnel of sobs" to the jail to be removed to Auburn.

Sheriff Caldwell and 16 men left late last night with Czolgosz in a special car for Auburn.

Thomas Slaughter Dead.

New York, Sept. 27.—Thomas J. Slaughter, 77 years of age, a retired merchant millionaire, and one of the most extensive growers of roses in the country, is dead of heart disease at his home, Dellwood, near Madison, N. J. He was born in Green River county, Kentucky. He moved to St. Louis in 1851 and became a traveling salesman, for a grocery house. Ten years later he purchased his business. In 1863 he moved to New York and started the firm of Norton & Slaughter and the firm remained in business for 25 years. Mr. Slaughter purchased Dellwood from the

late Jay Gould in 1877.

Three Persons Drowned.

St. Johns, N. F., Sept. 27.—Three persons, Norman Moore, Thomas Murray and a girl, were drowned off Black Head in Conception bay. They had a boatload of fish for market and when they were within a short distance of their destination a heavy gale sprung up and the boat was swamped and all perished within sight of hundreds on shore.

THE SCHLEY TRIAL.

Lemly Says Department's Evidence May End Next Week.

Washington, Sept. 27.—As usual Admiral Dewey lost no time this morning in bringing the Schley court of inquiry to order and as usual counsel on both sides of the case were in their seats and prepared to proceed promptly with business. Captain Lemly and Mr. Hanna, navy department representatives had been in the courtroom for an hour or more preparing details of the work. They consider the present stage of the proceedings an important one requiring the most careful attention. Captain Lemly estimates he will be able to conclude the presentation of the government side of the case by the close of next week if no unforeseen contingency arises to cause delay. He says he will have about 15 or 20 more witnesses to introduce.

Washington, Sept. 27.—The Schley court of inquiry was in session one hour and three quarters yesterday, adjourning at 12:45 in order to permit its members and others engaged there to attend the funeral of Judge Wilson, late chief council for Admiral Schley.

Captain Wise concluded his testimony. Admiral Cotton made a brief statement on recall and Lieutenant S. S. Wood, who commanded the dispatch boat Dupont during the Spanish war, began his testimony. Machinist Gray, who was in charge of the starboard engines of the Texas on the day of the battle off Santiago also testified briefly. He said that on the day of battle the starboard engines were stopped and the machinery reversed.

LETTER FROM MISS STONE.

Says Her Captors Treat Her Well and Name Ransom Demanded.

Constantinople, Sept. 27.—Rev. Mr. Haskell, missionary at Samakov, Bulgaria, has received a letter from Miss Helen H. Stone, the American missionary carried off by the brigands on Sept. 5 in the district of Djumaballa. It does not reveal the whereabouts of Miss Stone, but says she is in good health and has been well treated by the brigands, especially in the earlier stages of her abduction. Latterly in consequence of the vigorous pursuit by the Turkish troops she had been subjected to privations. Miss Stone adds that the brigands demand a ransom of 25,000 Turkish pounds.

The opinion is expressed in Constantinople that the Bulgaria-Macedonian committee was actively concerned in the abduction of the missionary.

Fell From a Train.

New York, Sept. 27.—The body of a woman killed at Cruzers, 35 miles north of this city, by falling off a fast train on the New York Central, has been identified as that of Mrs. Howard Brockway, the wife of the well known musician and composer. She was returning from the Brockway summer home at Bridgewater, N. Y. She had been ill for some time and was subject to melancholia. She succeeded in eluding the vigilance of friends who were on a sleeper with her. The exact manner of her death is not known.

Race War Threatened.

Jackson, Tenn., Sept. 27.—A reign of terror exists in portions of the neighboring counties of Henderson and Decherd, occasioned by the distribution of circulars by whitecappers warning all negroes that they must leave that section of the country not later than Oct. 1, or suffer the consequences, and as a result a great many are making hasty arrangements to leave that part of Tennessee.

At Parsons, in Decatur county, a band of 100 white men visited the homes of a number of negroes in that neighborhood and advised them to leave at once.

Pan-American Congress Delegates.

Washington, Sept. 27.—All but two of the American republics have appointed representatives to the Pan-American congress to be held on Oct. 21 in the City of Mexico. These two countries are Honduras and the Dominican Republic. Their representatives will be appointed before congress meets. The United States delegates are: Henry G. Davis of West Virginia, William L. Buchanan of Iowa, Volney W. Foster of Illinois, John Barrett of Oregon and Charles M. Pepper of the District of Columbia.

SATURDAY, SEPT. 28, 1901.

Columbia appears to have the best of Shamrock.

Fighting bulls on automobiles is the latest variation of that atrocious sport.

The assassination of the president will perpetuate the memory of the Pan-American exposition, which otherwise would have been soon forgotten.

The news from England is that King Edward is piling on the pomp and splendor to the limit. He don't appear to be worrying about the conditions in South Africa.

DeWitt county farmers are protesting against the killing of doves, partridges, etc., which they claim gives boll weevils and other pests a chance to eat up everything that is raised.

Governor Sayers shows where he stands, and he stands on good ground regarding the matter of a general investigation of the different departments of the state government. "No honest official," says the governor, "can or will object to the most thorough and critical examination at any time into the affairs of his administration, provided such examination be conducted in an open manner and a hearing be accorded him when assailed and all the facts elicited, as well those in favor as those against him be reported, so that an intelligent and impartial public may be able to reach a just conclusion as to his guilt or innocence." The Governor vetoed the faulty resolution passed by the legislature, and then laid the investigation question before them again and asked them to do it right.

FOUGHT WITH BOERS.

He Was a Stowaway, but Was Released Finally from Ellis Island.

Boston, Sept. 27.—John O'Connor, who fought in South Africa for the Boer cause and after capture escaped from a British military camp and came here as a stowaway, has been allowed to land by the immigration authorities who held him a prisoner on Ellis Island for 10 days. He was born in Philadelphia in 1889. Some years ago he went to South Africa as a gold miner and became a naturalized citizen of the Transvaal republic.

After his escape he made his way to England and at Southampton stowed himself on the steamer Haverford. He was discovered on the way over and turned over to the immigration authorities who released him at the instance of the Irish Emigrant society.

"I went from Chicago to South Africa," said he in an interview, "and liking the people I became a naturalized citizen of the Transvaal. The Boers are Christians and always treat the traveler kindly."

"While being transported to Cape Town I saw at Elandsfontein the Boer women and children under British soldiers transported in open cars in a rain-storm.

"Before the war I was discharged from two gold mines owned by prospectors because I refused to sign petitions to Queen Victoria."

Arrested in Male Attire.

Springfield, Ills., Sept. 27.—A woman wearing male attire was arrested by the police here. She gave her name as Harry Hight, but refused to divulge anything further concerning herself. She persistently declared she was a man and seriously resented being called "Miss" by the officers who interrogated her. She came from Litchfield and carried a small morocco leather grip containing female wearing apparel. The articles were of silk and of the most costly kind. The woman made no effort to explain the presence of the articles, tooth brush, hair curler and other things, to the officers. The police are working on clews gleaned from letters and things found upon her person.

Secret Society Sued.

Arkansas City, Kas., Sept. 27.—John A. Fleener of this city has filed suit in the district court of Cowley county against the Ancient Order of Pyramids asking damages in the sum of \$15,000. He states in his petition that about a year ago he was being initiated into the order, and was placed upon some sort of an instrument in a careless and reckless manner, and was carried around the hall. It was during this performance that he fell from the instrument and crushed his ankle. This rendered him a cripple for life. The bill gives an itemized account of doctors' fees, etc.

Shooting in Virginia.

Middlesboro, Ky., Sept. 27.—At Elwing, Va., a station near here on the Louisville and Nashville railroad, Ed Williams killed Ed Wheeler, shooting him three times. The men were intoxicated. Williams, who was sobered by the tragedy, surrendered to the authorities and was placed in jail at Jonesville. He claims self-defense. Thomas Williams, a brother of Ed Williams, engaged in a controversy regarding the tragic with Will Smith. Smith knocked him down and then shot him. He is thought to be fatally wounded. Smith escaped.

Degraded and Dismissed.

Marion, Ind., Sept. 27.—Jerry Kuder, Peter Koch and James Spears, the three veterans of the Soldiers' Home here, who have been in the guard house of that institution since the night of the shooting of President McKinley for having expressed pleasure over the work of Czolgosz and hoped the president would die, have been sentenced by the board of managers of the home to be publicly degraded and dishonorably discharged from that institution.

Killed Himself and Grandson.

New York, Sept. 27.—Mrs. Louise Nostz, 60 years old, of Astoria, L. I., killed himself and her grandson, William Colletti, 6 years old, some time during Wednesday night. Their bodies have just been found. She had stuffed the keyholes and other apertures in the room with papers and turned on the gas. Four years ago her husband committed suicide and this affected her mind.

Favor American Church.

San Francisco, Sept. 27.—A question to be considered by the Episcopal general convention, which meets here next week, will relate to the position of the church in Hawaii. A statement written for The Chronicle by a churchman from Honolulu says the people of Hawaii are strongly in favor of their church being placed under the jurisdiction of an American bishop and of an American church being established there.

Lutheran's Will Divide.

New York, Sept. 27.—The English Evangelical Lutheran ministerium semi-annual conference, which has just come to a close in Christ church, Brooklyn, has taken decisive steps to form an English synod of the churches to secede from the present synod. The action taken by the conference will effect 35 churches in this and neighboring states.

Three Postmasters Named.

Washington, Sept. 27.—President Roosevelt has appointed Charles C. Nelson to be postmaster at Clifton, Tex., James C. Russell at Camden, Ark., and C. Little at Yukon Monroe, O. T.

Clash With Albion Troops.

Belgrade, Sept. 25.—It is reported that Turkish and Albion troops have come into collision at Belopilje, old Servia, with the result that 54 were killed and wounded.

TRUCK GROWING INDUSTRY IN BRAZOS COUNTY

The Indications are that the Farmers are Determined to Adopt Diversification--Report of Last Saturday's Meeting, Followed by Some Notes and Information on the Subject--What They are Doing in East Texas.

The Eagle notes with pleasure that the farmers of Brazos County are taking a lively interest in diversification. The organization of a Truck Growers' Association here last Saturday and other steps taken in the meeting, published below, are gratifying evidences that they mean business. The Eagle will print all their doings, and will from time to time print articles giving information on all matters pertaining to the subject, and do what we can to help the movement along.

TRUCK GROWERS ORGANIZED

PERMANENT OFFICERS ELECTED, COMMUNITY MEETINGS PROVIDED FOR, AND THE ASSOCIATION WILL DO BUSINESS.

The Brazos County Truck Growers' Association met according to appointment, at the court house, Saturday afternoon, Sept. 21, at 2 o'clock. Mark Wilcox was called to the chair in the absence of S. M. Derden, the temporary chairman, and W. P. Connally was appointed temporary secretary.

J. B. Mike being present, he was called upon to address the meeting. Mr. Mike made an enthusiastic talk in favor of truck growing for market, and related many incidents showing the profits to be made. He had the secretary read some literature which he had gathered on the subject, for the encouragement of our producers. Mr. Mike made a tender of his services to the association in procuring purchasers for anything they might produce and also offered to advance the money to buy seed for planting for any members if there be such, who are unable to procure seed, and collect when the crop is disposed of.

On motion, the association went into the election of permanent officers, electing J. A. D. Robinson president of the association and W. P. Connally secretary. S. M. Derden, Mark Wilcox, J. B. Mike and McDuff Simpson were elected vice-presidents.

There were about 20 members of the association present, some of them from other communities some distance from Bryan. After discussion it was resolved to appoint each member a committee of one to call a meeting of those in his neighborhood who are willing to plant truck for shipment in connection with the association, and get expressions from each as to how many acres each will plant, and report through a delegate to the next meeting of this association, to be held at the court house Saturday afternoon, September 28. Various gentlemen present from other communities reported that some of their neighbors had expressed a desire to join the association, but could not attend the meeting in town. A great deal of encouragement was given the movement by these expressions.

On motion, McDuff Simpson and Jesse Henry were appointed a committee to select a suitable name for the association, and report at once. The committee reported, "The Brazos County Truck Growers' Association," as the name of the organization. Report adopted and committee discharged.

J. B. Mike was requested to poll the farmers present to ascertain how many acres each would plant. The result was 78 acres pledged to go into truck by those present, and some who had pledged acreage at a previous meeting were not present. With those added, the acreage would go over a hundred.

Following are the names of those subscribing, with number of acres to be planted by each: Jas. Leonard, 2½; Jos. Leonard, 2½; Ben Franklin, 1½; John Tauber, 1; Jacob Schranck, 2; J. A. Henry, 5; C. C. Dulaney, 3; Lum Holden, 1; McDuff Simpson, 15; John Ferguson, 4; N. A. Cotnam, 1; J. K. Presnal, 5; S. G. Welsch, 2; G. W. Kon, 2; D. B. Loyd, 3; M. Wil-

cox, 5; A. B. Gandy, 2½; A. W. Dyess, 3; A. D. Locke, 5; E. T. Gallatin, 5; Ben Wilson, 5; W. W. Griffin, 5.

On motion, the association adjourned, to meet at the court house Saturday, September 28, at 2 o'clock p.m.

J. A. D. Robinson, Pres.
W. P. Connally, Secy.

WHAT CROPS TO PLANT.

McDuff Simpson's Advice, Result of Years of Experience and Observation.

At a meeting of the association September 7, McDuff Simpson reported for committee on statistics what crops will pay best to plant for shipping, and about what acreage in each it will take to fill a car. That report has been printed heretofore in the Eagle, but is reproduced here:

REPORT OF COMMITTEE ON STATISTICS.

We, your committee appointed to instruct as to the number of acres required to be planted or grown in the staple or principal crops of vegetables, to-wit: tomatoes, cabbage, Irish potatoes, onions, beans, sweet potatoes and watermelons, so as to make regular shipments in straight car lots, beg leave to submit as follows:

Tomatoes, 30 acres, shipped in 4 basket crates, 700 to 1000 crates to the car.

Cabbage, 20 acres, about 200 crates to the car, gross weight each about 146 pounds.

Irish potatoes, 3 to 10 acres to fill a car.

Onions, 2 to 4 acres to fill a car.

Beans, about 40 acres packed in 4 basket crates, 700 to 1200 crates to the car.

Sweet potatoes, about the same as Irish potatoes.

Watermelons, 15 acres, 900 to 1500 melons to fill a car, according to size, not less than 24000, pounds to the car.

The above is the minimum calculated for regular or consecutive shipments in straight car lots for consignments. To induce or attract buyers so that we may sell our produce at home in the most profitable manner possible we should plant at least 100 acres to cabbage and all the others in like proportion. Plant it well and give proper cultivation.

We deem it well to here mention two very important points for associated growers to observe in planting for shipment in straight car lots. Each and every one should plant the same varieties of seed, every one plant on the same date, or as near the same as possible, in order that we may all be ready to ship together.

Respectfully,
McDuff Simpson and Others,
Committee.

AN EXPERIENCE MEETING.

Smith and Anderson County Farmers Meet and Talk.

On August 22, the truck growers' associations of Smith and Anderson counties held a joint meeting at Palestine. Here are some of the experiences related by farmers in attendance at this meeting:

Mr. W. J. Adams, of Arp, drew out of his pockets a set of "wagon account books, in which an accurate and systematic account had been kept of each year's crop while carting the stuff to and from the station. The first crop of tomatoes, put out on less than an acre, brought him \$264.31, free of all expense. That season he had reduced his cotton acreage one-half, or down to 27 acres, from which he made nine bales of cotton. This cotton, sold at the ruling price, brought him, clear of all expense for bagging and ties, \$218.30, leaving \$46.01 in favor of less than an acre of tomatoes against 27 acres

watermelons, some of which he shipped.

Banker Robinson of Palestine, who has just returned from a visit to Colorado Springs, told how three ordinary sized tomatoes brought 25c in that city a short time ago. Said he: "I was talking to some people who live there and they stated that if ordinary sweet potatoes such as we have here in Texas, could be had there, they would bring 7c per pound, or \$4.20 per bushel."

The Eagle wants to say by way of comment on the above, that the truck growers of Brazos county are not going to do as well as these people quoted above the first year, for lack of experience, and for lack of good markets already built up. But we believe with the hearty assistance of the merchants of Bryan in helping them find markets, and with our highly favorable soils and early crops, they are going to do well from the start, and in a year or so make as much money as they do anywhere. And they will never learn until they begin. Let us begin now.

WITH THE TRUCKERS ELSEWHERE.

Tomatoes Averaged 80 Cents Net Per Crate and Peaches About 70 Cents.

Many Buyers Bid for Them.

Those who live in the black land belt of Texas know that the fruit and vegetable growing industry in the eastern portion of the state, which was of small importance barely five years ago, has now become one of the most lucrative pursuits of which this commonwealth can boast. It seems safe to venture the assertion, however, that there are but few who are aware that it has attained the magnitude shown by the figures herein given. The figures come from J. M. Rice at Tyler, fruit agent of the American Refrigerator Transit Company, which makes a business of shipping perishable freight in refrigerator cars, and are in the shape of a report, which may be considered as official. Together with favorable comments, they were sent by him to R. B. Chase, southwestern agent of the same company at Dallas. In discussing the business for the season Mr. Chase said:

"The season has about closed in the fruit business in Texas. The American Refrigerator Transit Company has handled every car load that has left east Texas, and we have been asked by many people what the shipments have amounted to, as it is interesting information.

"Texas has developed a 'gusher' that spouts tomatoes and peaches and can show a clean cash net of half million dollars to the producers since the 15th of April. If Beaumont can show this much cash for raw material it has not been stated in the papers, and while they are booming stock companies at Beaumont the gay and festive granger is taking in the cold cash for his products at a rate that would make a wall street man's mouth water.

"When it is remembered that this money comes from nearly every trade center of the United States it will be acknowledged that Texas is certainly doing her share in helping to feed the world. The impetus given the truck farms and the fruit business in this season's operations will induce planting that will nearly double this season's output for next year.

"The first car of tomatoes we shipped this season went to Philadelphia. Next year we expect to make citizens from Cape Cod to Salt Lake and from New Orleans to Winnipeg eat them.

"Our statement of the business handled is as follows:

"Cars shipped from each station season 1901:

"Arp, 35 cars tomatoes, 2 cars peaches.

"Bullard, 22 cars peaches.

"Barstow, 14 cars cantaloupes.

"Craft, 94 cars tomatoes, 17 cars peaches.

"Chandler, 2 cars peaches.

"Dalyville, 59 cars tomatoes.

"Elberta, or Park Switch, 6 cars peaches.

"Flint, 9 cars tomatoes.

"Goodson spur, 7 cars tomatoes.

"Jacksonville, 13 cars tomatoes, 126 cars peaches.

"Lindale, 14 cars strawberries, 32 cars peaches.

"League City, 4 cars cucumbers.

"LaMarque, 7 cars cucumbers.

"Mount Selman, 11 cars tomatoes, 22 cars peaches.

"Palestine, 9 cars tomatoes and cantaloupes.

"Rusk, 26 cars peaches.

"Swan, 6 cars strawberries, 7 cars peaches.

"Slipper Springs, 3 cars tomatoes and cantaloupes.

"Shreveport, 9 cars tomatoes, 1 car cabbage.

"Tyler, 27 cars tomatoes, 15 cars

MAY GO TO MEXICO.

Boers Negotiating for Land upon Which They Can Settle.

London, Sept. 26.—The Daily Express says the Boers are contemplating a trek to Mexico and that estates there have been offered for a new settlement. Part of the land is the Floreshals estate, a concession from the government of Mexico to certain financiers, one of whom is a member of the house of commons.

The purchase price has been set down at \$2,500,000 which will buy 20,000,000 acres, this being the aggregate of two concessions now in the hands of syndicates.

The smaller of the two estates comprises 5,000,000 acres. This land has a seaboard of 200 miles and will thus offer shipping facilities which were denied to the Boers in South Africa, and which they so much desired.

Feeling of Discontent.

New York, Sept. 26.—Concerning the South African situation the London correspondent of The Tribune says while there is no fresh reverses in South Africa there is an undertone of public discontentment with the conduct of war and the results of paper diplomacy.

President Kruger has just received

reports estimating the rebels in the field at 15,000. Probably this greatly exaggerates the number, but the Boers are still getting many recruits in Cape Colony.

Sir Michael Hicks-Beach is now believed to have enough money on hand to carry on the war until the end of January.

CHUN DISAPPOINTED.

He Did Not Receive the Honors in Europe He Expected.

London, Sept. 26.—The Berlin correspondent of The Times says that Prince Chun will officially conclude his mission to Germany next Saturday and will go to Genoa on Sunday. In regard to invitations to other courts it is said to be doubtful if Prince Chun received any, but he has been desirous of visiting many German industrial establishments which desire him to gratify.

The Krehz Zeitung features that Chun's experiences in Germany have not resulted in the impression it was desired to produce on the mind of the Chinese special envoy. The honors and attentions paid to him may have obliterated from his mind all thought of the gravity of the crime which it was intended that the mission should expiate.

Chun has often been cheered by thoughtless crowds in Germany, and may regard himself as the hero of the hour, his future influence in the Chinese court is regarded as too problematical for it to be worth while to make efforts to impress upon him the superiority of European civilization.

Young Roosevelt in an Accident.

New York, Sept. 26.—While going in a carriage to visit some friends just before leaving this city, young Theodore Roosevelt was in an accident. The carriage had a driver and with the young man was a negro servant. The reins of the horse broke and the driver was unable to control the pair of bays. The horses swerved into the street car tracks on Lexington avenue and an electric car struck one of the horses. It was severely cut, thrown down, then jumped to its feet and began to rear. The occupants of the carriage then escaped injury.

Denied by Mrs. Peary.

Portland, Me., Sept. 26.—Mrs. Peary, the wife of Lieutenant Peary, who has returned to South Portland, has promptly denied the report that Dr. Heidrick was marooned. He positively refused to go back and said he would stay with a party of natives. It was not deemed proper to attempt to compel him to return to the Windward because of his peculiar mental state. It was thought that possibly he might recover if left on shore. But in the opinion of Dr. Cook he was in danger of becoming violently insane if taken back.

Guarded From a Mob.

Louisville, Sept. 26.—The jail at Shadville is being heavily guarded to prevent the lynching of Anna Field, a negro woman and jumbo Field and Clarence Garnett, negro boys. William Hart, a printer, was found dying in a path leading to Field woman's house Saturday night. The two boys have confessed to the murder and all three have been indicted. Monday night 40 masked men made an attack on the jail and succeeded in breaking the door and getting into the corridors, but they could not get into the prisoner's cage. The jailer summoned a posse and managed to save the prisoner.

MAGGIO BOUND OVER.

Declares He Is an Anarchist, but Denies Reported Statement.

Albuquerque, N. M., Sept. 26.—Antonio Maggio, alleged anarchist, who is said to have declared several months ago that he knew President McKinley would be killed before Oct. 1, had a preliminary trial before United States Commissioner Newcomb at Silver City Wednesday and was bound over to await the action of the United States grand jury at Las Cruces, which meets on Oct. 7, under \$10,000 bond. He could not furnish bail and was remanded into custody of Deputy United States Marshall Fornoff, who will bring the prisoner here for safe keeping.

Several respectable citizens testified that Maggio stated on the streets and in saloons in Silver City less than three months ago that President McKinley would be killed before Oct. 1, and the person who was to kill him had been selected.

When put on the stand Maggio denied the statements, but admitted that he was an anarchist, not against the United States, but against every crowned head of his own country, Italy, who, he said, were responsible for the hardships experienced by the poor class in Italy.

Suppression of Anarchy.

Atoka, I. T., Sept. 26.—The Pushmataha Lodge No. 20, Knights of Pythias, has issued an address to the members of the order in particular and to the people generally urging that steps be taken for the suppression of anarchy.

REFUTE THE CHARGE.

Gompers and Mitchell Deny Shaffer's Charge as to Steel Strike.

New York, Sept. 26.—Samuel Gompers, president of the American Federation of Labor and vice president of the Cigar Makers' International union, and John Mitchell, president of the United Mine Workers of America and second vice president of the Federation of Labor, have issued a joint open letter challenging Theodore J. Shaffer, president of the Amalgamated Association of Iron, Steel and Tin Workers, to prove his statements recently made against them.

The letter suggests that a committee of three labor chiefs be selected to hear evidence and determine the truth or falsity of the accusation.

The cause of the open letter was a statement made by President Shaffer to the public that the strike of the steel workers failed by not receiving the promised support morally and financially from the American Federation of Labor and other labor unions.

THE FIRST INHABITANTS.

A Scientist Believes Cliff Dwellers and Mound Builders Were from Asia.

Durango, Colo., Sept. 26.—Leopoldo Batres, ascetic, representing the government of Mexico, is in Durango on his way to Mexico from a visit to the cliff dwellers' ruins of the Mancos canon.

Senor Batres has satisfied himself that the inhabitants of the cliffs were of Asiatic origin, as he found many baskets and other trinkets of Asiatic and Japanese design. He thinks the mound builders and cliff dwellers are two distinct races. The cliff dwellers, after leaving this section migrated to Mexico, going through Arizona, where indications of their stoppage en route are found. In Mexico they comprised the original Toltecs and built cities. That this is so is verified by legends and inscriptions. Senor Batres found on some of the walls of the rooms.

PHILIPPINE NEWS.

Insurgent Leaders Arrested for Murder of Corporal Fieldner.

Manila, Sept. 26.—General Torres, who surrendered some months ago, has been arrested and will be tried for having ordered the murder of Corporal Fieldner of the One Hundred and Twentieth infantry at Malolos, province of Bulacan, last October. It is also probable that General Alejandrino will be arrested. Acting under his orders many of his officers killed Filipinos who sympathized with the Americans.

Colonel Atienza, with his entire staff, has surrendered to Captain Pitcher, who had been in close pursuit of him since Lieutenant Hazard captured Deserter Howard in his camp. Captain Pitcher also has been capturing small bands of insurgents and securing the surrender of others.

Mariquez, Ana and Villaluz, the last insurgent officers in the province of South Camarines, have surrendered to Captain Williams, putting an end to the insurrection in that province.

Corbin Pleased With Situation.

Washington, Sept. 26.—Major General Corbin, the adjutant general of the army, reached here Wednesday from the Philippines. He talked freely of the condition of affairs in the Philippines, particularly of the work accomplished by Generals Sternberg, Weston and Greely. General Corbin is greatly pleased with the conditions in the archipelago and was particularly gratified to find the health of the army so excellent, and to see himself the evidence of the good done by the officers and soldiers. He says large economies have been effected in nearly every branch of military service in the Philippines.

King Edward Returns Home.

London, Sept. 26.—King Edward and Queen Alexandra returned to England Wednesday from the continent. They were loudly cheered on their way to Marlborough House from the railway station.

DISTRICT COURT WORK.

The Present Term Conspicuous for the Number of Convictions.

The present term of the district court, Judge S. C. Scott on the bench and Attorney V. B. Hudson representing the state, has been somewhat conspicuous not so much from the extent of the docket as from the number of convictions secured. The court which is still in session, has disposed of the following criminal cases up to date:

State vs. Arthur Carter, murder; found guilty of murder in the second degree, and punishment assessed at 10 years in the penitentiary.

State vs. Tom Homer, theft of horse; guilty; 4 years.

State vs. Anderson Mayes, assault with intent to murder; guilty of aggravated assault and fined \$25 and costs.

State vs. Anna Mitchell, burglary; two years.

State vs. Rosa Schittino, murder; guilty of manslaughter; 4 years.

State vs. Jim Johnson, assault with intent to murder; guilty of aggravated assault; fined \$25 and costs.

State vs. John Willbarger, assault with intent to murder; guilty of aggravated assault to murder; fined \$25 and costs.

State vs. George Wells, guilty of aggravated assault; fined \$50 and costs.

State vs. Frank Congilosa, assault with intent to murder; guilty of aggravated assault; fined \$250 and costs.

State vs. Will Johnson, murder; guilty; 5 years.

State vs. John Congilosa, guilty of aggravated assault; fined \$25 and costs.

Joe Cartiznez, theft; verdict of guilty by request of the district attorney.

This disposes of all the cases on the criminal docket except three murder cases set for trial next week, and new business from the re-panneled grand jury, making a most creditable showing.

Truck Growers Meeting Today.

The Brazos County Truck Growers meet again today at 2 p.m. at the court house to hear reports from meetings held in country districts this week, and to perfect organization. Prof. R. H. APPROPRIATION BILL.

Passed by Both Houses, but a Difference Exists.

GONE TO CONFERENCE

Investigation Resolution Passed by the Senate Goes Through the House but the Limit Is Placed at Only Sixty Days.

Austin, Sept. 27.—The house this morning under the previous question rushed through by a vote of 47 to 34 the senate resolution calling for the appointment of a committee to investigate the state departments during recess, with amendments reducing the number from 9 to 5 and providing that after 60 days the members shall serve for \$2 per day. This kills the effect of the resolution, as a thorough investigation could not be made in 60 days.

The house adjourned until Monday at 10 o'clock a.m.

Most of the members will leave on a special train tonight to attend opening of the Dallas Fair.

The senate concurred in the house amendment to the investigation resolution by a vote of 23 to 3. It now goes to the governor for his approval. He will approve it, as it meets his views.

The governor will not attend the opening of the Texas State Fair as his presence is needed here on account of the general appropriation bill being in free conference committee.

The governor has appointed Richard B. Levy, of Gregg county, judge of the Fourth district to succeed W. J. Graham, deceased.

Austin, Sept. 27.—The general appropriation bill has at last gone to free conference. It is thought that the committee will finish its work Saturday night, and that the legislature will adjourn sine die on Monday or Tuesday.

The house bill is about \$300,000 in excess of the senate bill. The probabilities are that the conferees will split the difference and report a bill carrying about \$5,800,000. Then the governor, if he adheres to his determination to trim the bill to \$5,500,000, can do so by striking out special appropriations for erecting new buildings at state institutions, etc.

The senate concurrent resolution which passed providing for an investigation of all state departments and institutions traveled a rocky road in the house yesterday. It has reached third reading and there it may remain. By a majority of only three votes the resolution was passed to a third reading. It went over under the rules until today, when an effort will be made to finally pass it. In the absence of three members who voted for it or the change of two votes may defeat it. The absence of a quorum today would likely seal its fate. If it should finally pass, the governor has 20 days to veto it, and if he does veto it, the legislature having adjourned, will have no further opportunity at it.

Corporations in Trouble.

Austin, Sept. 27.—Three hundred corporations in Texas are in trouble for failing to answer questions from the attorney general's office. County attorneys over the state have been instructed by the attorney general to proceed against the delinquents. The penalty is from \$50 to \$1000 and imprisonment in the penitentiary from one to ten years.

After His Clerks.

Austin, Sept. 27.—Land Commissioner Rogan is after his clerks. He has addressed letters to each one of his clerks asking if they use the office postage for private business and if they had any land interests except that of the office. He will discharge all who are not giving full attention to business and if found guilty of any of the above offenses.

Pan-American Congress Delegate.

New York, Sept. 27.—Senors Alberto Blest Gana and August Matte, who will represent Chili at the Pan-American congress to be held at the City of Mexico in October, arrived here on the Kron Prinz Wilhelm from Cherbourg. Both men have held many high offices in the diplomatic service of their country. Senor Gana was for many years Chilean minister to France. Senor Matte was also Chilean minister to various countries.

Given Twenty-five Years.

Dallas, Sept. 27.—Confinement in the penitentiary for a period of 25 years was the verdict of the jury in the case of John Amundensyn, charged by indictment with attempted criminal assault. The trial consumed only one day.

The crime of which the defendant was convicted was alleged to have taken place in the eastern part of the city on June 4 of the present year. The victim was a girl 9 years of age.

Boy Sentenced for Life.

Booneville, Ind., Sept. 27.—Smith Jones, 13 years old, has been sentenced to prison for life by a jury in the Warren circuit court. Last July during a fight with Herbert Hickerson, of similar age, the latter was stabbed to death.

Lincoln's Secretary Dead.

Washington, Sept. 27.—John C. Nicolay, private secretary to President Lincoln and widely known as the author of several works on the life of Lincoln, died here.

DEPUTY POE KILLED.

Loses His Life While Attempting to Arrest a Man.

Denison, Tex., Sept. 27.—Deputy United States Marshal John Poe of Mill Creek, I. T., was killed on the north-bound Frisco excursion train Wednesday evening a short distance south of Ravis. Poe with Posseman Neeley was attempting the arrest of a party when the fight occurred. The following injured men are under arrest at Mill Creek: B. W. Taylor of Holdenville, I. T., skull fractured above left eye and several cuts on the head; Ben Taylor of Holdenville, several bad cuts and slight fracture above left eye; George Yargee, an Indian of Wetumka, skull fractured; Dave Branom of Holdenville, cut and a fracture over the eye.

Reports concerning the affair are conflicting.

PAYS BACK DUTIES.

A Conscious Stricken Person Returns Money to the Government.

Washington, Sept. 27.—Secretary Gage Thursday received in an envelope postmarked New York, Sept. 25, 1901, \$6150 in bills of denominations ranging from \$50 to \$500. This sum of money was accompanied only by the following statement:

"After much thought, I have been convinced that duties were not fully paid as desired, the difference estimated at about 2 per cent, the wish now is to rectify what was done doing some years ago and the amount is being sent which it is felt must be paid to the United States treasury to discharge those duties and do the right. Above has been great grief."

No name was signed to this communication.

Aeronaut Drowned.

Lima, O., Sept. 27.—Frank Hague, better known as Zeno, an aeronaut, was drowned in the city waterworks reservoir here. Hague was in a parachute and balloon race with C. M. Hawley at the county fair grounds and was about 1200 feet in the air when they cut loose. Hawley landed in a private yard near the reservoir, while Hague landed in the middle of the big reservoir and was drowned. He became entangled in the ropes of the parachute.

Squatters Block Wood's Purpose.

Guthrie, O. T., Sept. 27.—J. R. Wood, the man who drew claim No. 1 adjoining the city of Lawton, is now attempting to fence his farm on which are located 500 squatters. The squatters refuse to move. To fence the north side, one mile long, Wood must go through an almost solid row of tents, stores and shacks. He will appeal to the United States court to remove the intruders.

Given Time to Escape.

Guthrie, O. T., Sept. 27.—George Bradshaw, the alleged anarchist, who refused to march under the American flag at Oklahoma City and came near being lynched for sustaining Czolgoz's action at Buffalo, was released from the Guthrie jail Wednesday night on an order of the probate judge of Oklahoma county. The release was not made known until late Thursday to give him plenty of time to leave the vicinity.

Boy Stabs Teacher.

Rockdale, Tex., Sept. 27.—A lad about 13 years old, student in the Rockdale public school, stabbed Prof. F. L. Norton, the superintendent of the Rockdale schools. The wound was inflicted with a pocketknife in the right side. But for the fact that the knife struck a rib, the wound would have been a dangerous one. The lad was arrested on the charge of aggravated assault and bound over in the sum of \$300.

Anarchist Prince Arrested.

Rome, Sept. 27.—The Russian prince Makachidze and his wife have been arrested as anarchists and will be conducted to the frontier. They entered Italy in defiance of the anti-anarchistic regulations. The prince was condemned to death in Russia in 1887 for conspiracy against the czar and was expelled from France in 1886 for making bombs.

Over Half Deaths Children.

London, Sept. 27.—Official returns just issued show that the South African concentration camps in August contained 13,620 persons. Deaths number 2345, of which number 1878 were children.

Resignation of Hays.

San Francisco, Sept. 27.—Charles M. Hays, president of the Southern Pacific company severes his connection with that corporation next Tuesday. All heads of departments have been notified by Mr. Hays that he leaves the company on that date.

Kitchener Reported Resigned.

London, Sept. 27.—The Daily News publishes an unconfirmed rumor that General Kitchener has resigned the post of commander-in-chief in South Africa, owing to disagreements with Mr. Brodrick, the war secretary.

Rabid Wolves.

San Antonio, Sept. 27.—Rabid wolves are reported in Daval and neighboring counties, due to the terrible heat of the summer. They are killing many cattle and the people have to bar their doors at night for protection.

Marriage of General Corbin.

Washington, Sept. 27.—The marriage of Major General H. C. Corbin, adjutant general of the army, and Miss Eddy Patten will take place in this city Nov. 6.

Fatal Oil Tank Explosion.

New York, Sept. 27.—Six men and probably seven were killed and seven injured by the explosion of an oil tank of the Essex and Hudson Gas company at Newark, N. J.

RUMOR OF WAR.

Turkey and England at Odds With Three Nations Backing Former.

Paris, Sept. 27.—The Patrie prints a sensational story to the effect that a conflict has broken out between Great Britain and Turkey, saying that three British war vessels have been ordered to the Persian gulf to suppress revolts at Touet, in the British province at Bagdad, and that the Turkish government has dispatched a strong detachment of troops with instructions to oppose the landing of the British forces. Russia, Germany and France, the paper also says, have agreed to support Turkey.

Touet, in the Patrie's story, is evidently Koweyt, the proposed terminus of the Bagdad railway. It is the only port on the Persian gulf having a good harbor.

Inquiries made in official quarters here elicited an emphatic denial that there was any such agreement between Germany, Russia and France as is referred to by The Patrie and confirmation was obtainable regarding the alleged alarming situation which is evidently built on the fact that three British warships happened to be at Koweyt and that it is reported that the British are encouraging the local sultan to repudiate Turkish suzerainty.

TEXAS CRUDE OIL.

Mexico Afraid to Take Duty Off on Account of Complications.

City of Mexico, Sept. 27.—It is evident that there will be considerable opposition to the proposed taking off of the duty on Texas crude petroleum desired by the smelters and railways.

A prominent business man points out that there have already been spent here several hundred thousand dollars in boring for oil, and if the duty on Texas oil is removed there would be no protection for the men who have spent so much here in preliminary prospecting work.

There is no doubt but Mexico chiefly needs cheap fuel just now to encourage manufacturing industries. Texas oil would furnish it, but it is alleged the Texas field is already practically in the hands of the Standard Oil company, and their system of doing busi-

ness is such that even if they were paid a bonus for bringing oil into this country instead of having to pay for the privilege of doing so it is not likely that the people would get their fuel any cheaper.

May Declare War.

Port of Spain, Sept. 27.—Advices received here from Caracas say Venezuela probably will declare war on Colombia Sept. 28.

A financial crisis exists in Venezuela owing to the refusal of the Bank of Venezuela and the Bank of Commerce to comply with President Castro's demand that they subscribe to a forced loan.

Portuguese Must Act.

Lisbon, Sept. 27.—The British ambassador has demanded that the Portuguese government must stop the smuggling of arms for the Boers through Lorenzo Marques on the East African coast. The local papers denounce the demand as officious intermeddling by the British.

Killed by a Convict.

Little Rock, Sept. 27.—Robert H. Taylor, a deputy warden of the state penitentiary, was killed at Danville by Bud Wilson, a negro convict. Wilson struck Taylor with a large piece of iron crushing the skull. He was jailed at Danville on a charge of murder.

Plan to Bond Oklahoma.

Guthrie, O. T., Sept. 27.—The officials of Oklahoma are planning to bond the territory for \$600,000 to redeem all the outstanding 6 per cent warranted indebtedness. They say they can place the bonds at three per cent and thus save Oklahoma a big sum.

Mrs. McKinley's Condition.

Canton, O., Sept. 27.—Dr. Dixey says Mrs. McKinley is doing just as well as any woman could under similar circumstances. He said her strength is not all that could be desired, but she was doing as well as could be expected.

Tax on Hay Legal.

Washington, Sept. 27.—The attorney general has rendered an opinion to the interior department sustaining the authority of the Cherokee Indian Nation to levy a tax of 20 cents per ton on prairie hay shipped out of the Nation.
